

AWWA Tapping Contest Approved Tools

DT75 Drill Tap

Reed's DT75 is the "Direct Tap of Choice" by the best tapping teams in the US!

WHY REED?

Reed drill taps are made from high quality High Speed Steel. Using higher quality raw material, Reed's drill taps are heat-treated to provide the optimum balance between toughness and wear resistance.

- Fits all Direct Tapping Machine major brands including: Reed, Mueller®, Footage®/Ridgid®, Romac/Transmate®.
- Six cutting edges perform fast for clean threads and fewer leaks.
- Corrosion-resistant, black oxide finish.
- Sharp point for easy starting; and it's resharpenable.

Reed Drill Taps

Catalog No.	Item Code	Drill Size	Thread	Pipe Material
DT75	04390	3/4"	CC	Cast/Ductile Iron
DT100	04391	1"	CC	Cast/Ductile Iron
