

PIPE TOOLS & VISES
SINCE 1896

Safe, Square Cuts on PE

Robust Guillotine Pipe Cutters

- Cuts both DIPS and IPS, from 2"–12" diameters.
- Clean and safe! No chips to clog valves and apertures.
- Requires minimal clearance, only 4"–6" around pipe.
- Square cuts due to strong frames and unique blade design.
- Smooth feed as operator advances the cut.

Catalog No.	Item Code	Capacity		Weight	
		in-nom.	actual O.D. mm	lbs	kg
HPC4	04604	2 - 4	63 - 125	15.6	7.1
HPC8	04608	3 - 8	90 - 225	35.0	15.9
NEW! HPC8+	04609	3 - 8	90 - 230	27.4	12.5
HPC12	04612	4 - 12	114 - 350	100.0	45.5

NOTE: HPCs cut PE only and will not cut PVC or PP (polypropylene) pipe, such as Aquatherm®.

NEW
✓ 22% lighter than prior model
✓ Fits true 8" DIPS

HPC8+
3" - 8" DIPS & IPS capacity

HPC12
4" - 12" capacity

HPC4
2" - 4" capacity

Great for use in
waterworks and gas distribution.

Static Grounding
Device is strongly
recommended

PEGR7 #04621

- Creates safe path for static discharge
- 7 foot cable for large work area

Non-stick,
made in USA Blade

Hinged Latch opens to allow
placement around the pipe
